About Us

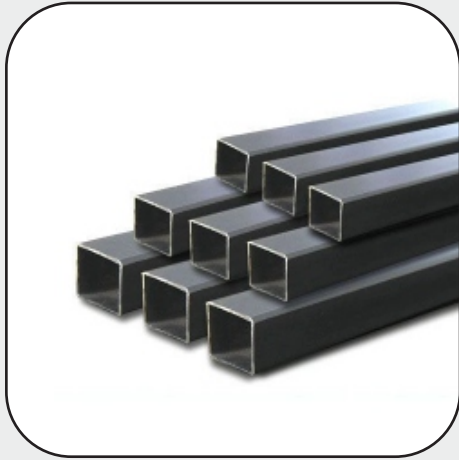

Today, the growth in Indian steel & plastic industry is mainly driven by some of the most active vendors/traders in this sector who have knowledge of products & connections in the market. Amongst whom, **D. P. Sales Corporation** is one of such leading traders and wholesalers of a wide range of industrial products. Our product line consists of **ERW Pipes, MS Square Bars, TMT Bars, Steel TMT Bars, TMT Metal Bars, MS Flats, Profile Sheets**, etc. These products find applications in various sectors and thus, these are always in high demands. By efficiently fulfilling these demands of the customers, we have retained a huge vendor base in the market for years. We are associated with one of major vendors in the industry from whom, we have been procuring the finest quality of industrial products. These products are appreciated for their attributes such as high-strength, sturdiness, finishing, etc. By serving this superior quality of product range, we have achieved success which we seek to sustain forever.

D. P. Sales Corporation, one of well-established firms of a wide range of steel based & other industrial products, was established in the year 1981. Since then, we have received huge recognition in the market for our qualitative products and services. With an aim to support various industrial, construction & other sectors, we have been working effectively. Based in Ludhiana (Punjab, India), we are providing a range of ERW Pipes, TMT Bars, MS Square Bars, Profile Sheets, MS Flats, etc.

Quality Control & Shipment

In order to ensure the delivery of finest quality of industrial products to our customers, we have adopted suitable quality control policies. Our quality control team inspects the attributes of each product as per the national industry standards. Each product procured by us such as ERW Pipes, MS Flats, TMT Bars, Profile Sheets, MS Square Bars, etc. is checked for its dimensional specifications, weight, finishing/polishing, etc. Our quality control experts ensure the supply of high-in-strength, corrosion resistant and highly durable products that potentially exceeds the expectations of customers. Only after proper quality check by our end, we dispatch these products for the final delivery. For which, we have a highly-reliable & wide shipment network which ensures the delivery within the committed time frame.
